## Our College

Inaugurated in 2000, the College is one of the more established schools within Hong Kong's Direct Subsidy Scheme (DSS) sector. The College's mission is to develop all students into well-rounded, life-long learners who are bi-literate and tri-lingual, international in their outlook, creative and proficient in information technology. Since its establishment, the College has nurtured creative, confident, outgoing and linguistically-proficient students who enjoy a balanced school life.

# What we believe

## We believe in building an International Campus

We have developed our international outlook by building a multi-cultural and multi-lingual environment via the employment of qualified and dedicated teachers from all over Hong Kong and the international community, e.g. Canada, France, the United Kingdom, India and the Philippines. We have maintained a ratio whereby 15% of our teaching staff are recruited from outside of Hong Kong.

The enrolment of a number of students from Hong Kong's non-Chinese community, which at present accounts for around 20% of our student population, also brings a global perspective to the school

community. We have joined the AFS's international exchange programme whereby students from around the world are invited to our College to mingle and study with our students. Our practice of providing opportunities for students to mix helps facilitate their language development and their awareness of different traditions and cultural beliefs. We have been able to build a tradition of recognizing individual merits, instilling self-discipline and fostering a global outlook in our students. We have also been successful in creating an environment for our students to build close friendships amongst themselves and develop a strong bond with their teachers.

## 推動國際化校園

### 擴闊學生視野

本校致力營造一個多元文化、多語系的學習環境。我們的教師團隊來自本地、加拿大、法國、英國、印度及菲律賓等，讓學生在國際化的校園成長。

我們取錄約 20% 非華裔學生，提供機會讓本地學生學習不同地方的文化和傳統，促進語言發展。此外，我們參加了 AFS 的國際文化交流計劃，邀請世界各地的學生到本校就讀，藉此促進跨文化學習。本校重視學生的個人才華，幫助他們發揮所長，培養自律精神及擴闊國際視野。

# What we believe

## We believe in encouraging Language Development

As a genuine EMI school, all school subjects are taught in English, except for Chinese Language and Chinese History for Junior Forms, which are taught in Putonghua and Cantonese respectively. Chinese as a Second Language (taught in Cantonese) and French are offered to non-Chinese speaking students to meet the language requirements of the Education Bureau.

We have a dedicated team of teachers comprised of native English and Putonghua speakers, thus creating an authentic language rich environment where

students can develop language skills and a global perspective.

To promote a reading culture at our College and to nurture students' reading interest and habits, the College has set aside a 35-minute reading lesson known as 'DEAR' (Drop Everything And Read) once a cycle. We believe that cultivating a good reading habit in students is vital to the development of language competency, thereby laying a firm foundation for life-long learning.

## 提供多元化語言環境 有效發展學生語文能力

作為一所優質英文中學，本校所有科目均以英語授課，而初中的中國語文科及中國歷史科則分別採用普通話及廣東話授課。學校亦設有中文作為第二語言（以廣東話授課）及法文科供非華語學生修讀，以符合教育局對學生的語文要求。

本校教師充滿教育熱誠，當中包括以英語或普通話為母語的教師，因而能提供多元的語言環境，有助學生擴闊國際視野。

此外，我們相信閱讀是語文學習重要的一環，為推廣閱讀文化，本校逢每一循環週均設有 35 分鐘的閱讀課節（DEAR — Drop Everything And Read），以培養學生的閱讀興趣和習慣，為終身學習奠定良好的基礎。

# What we believe

**We believe that  
Information Technology  
plays an important role in learning  
in the modern age**

We believe Information Technology is an important tool for achieving student-centred learning and enhancing learning effectiveness. To encourage students' active participation in lessons, mobile devices and different digital learning tools are used to ensure interactions among students.

Apart from incorporating information technology into the curriculum design, "flipped classroom" has been implemented in different subjects to promote self-directed learning. We believe that with these initiatives, we can create a learning environment that fosters critical thinking skills, collaborative skills and other important skills that are essential for success in the 21st century.

# 我們相信

## 善用資訊科技

### 促進學習果效

我們相信資訊科技是實踐以「學生為本」學習理念的重要工具，能促進學習果效。老師善用平板電腦及不同類型的網上學習工具，鼓勵學生積極參與課堂，提升師生及生生互動。

此外，教師在設計課程和編寫教材時，亦廣泛使用資訊科技，以提升教與學的效能。我們更於不同科目推行「翻轉課堂」計劃，讓學生實踐自主學習。我們相信這些有別於傳統的教學方法，有助培養學生慎思明辨的思維、協作能力以及其他廿一世紀必備的素質。

# What we believe

## We believe in catering for Individual Difference

The College has implemented curriculum sets in Junior Forms for the core subjects of Chinese, English and Mathematics. There are variations in the curriculum content and teaching strategies of different curriculum sets to accommodate students' diverse learning needs. We believe that small class teaching is the key to effective teaching and learning, as students will be able to receive more individualized attention. We have implemented small class teaching in the core subjects in Junior Forms (including English, Chinese and Mathematics) to increase the students' engagement in class and make student-centred teaching effective and productive.

Students with potential for higher attainment are encouraged to join a diverse range of enrichment programmes covering English, Chinese, Mathematics, Science and other subjects. For those who may need more individual attention, the College offers after-school tutorials in the key subjects of English, Mathematics, Chinese, Integrated Humanities and Integrated Science.

## 照顧個別差異 有助提升教學效能

本校在初中的中文、英文及數學各科設立不同的課程組別，老師因應學生的學習需要，設計不同的課程。我們深信小班教學有助老師照顧不同學生的學習需要，從而提升教與學的效能。本校在初中的主要學科（包括中文、英文及數學）實施小班教學，增加學生參與課堂的機會，令以學生為中心的教學策略更有效。

學校會安排在個別學科上具潛質的學生參加英文、中文、數學、科學或其他範疇的拔尖課程。此外，學校亦設有課後輔導班（包括英文、數學、中文、綜合人文科及綜合科學科），協助學生打好學習基礎。

# What we believe

## We believe in nurturing Individual Potential

We believe the College should be a place where individual talents are nurtured, encouraged and developed through a well-balanced education. The College emphasizes that participation in drama, music, visual arts and sport activities are an integral part of whole-person education. Students can choose to join a range of teams and groups whereby they can further develop their talents and potential.

We strive to create a safe and supportive atmosphere in which students can take an active role in organizing and leading different school activities such as Campus TV productions and various school-based competitions and cultural celebrations. Special focus has been put on fostering students' leadership skills. Students are encouraged to take up leadership roles

in various capacities, such as Student Council, Prefect Team, House Committees, Career Prefects, Library Prefects, Peer Counsellors, Air Cadets, Red Cross and School Ambassadors. To prepare them to be student leaders, various leadership training programmes (e.g. S4 Training Camp, Leadership Training Camp) are organized throughout the year.

Students are also given plenty of opportunities to practise their English and Chinese speaking skills by serving as emcees in the student-led assemblies, which are conducted in both English and Putonghua. Through these learning opportunities, students can explore their own strengths, capabilities and interests and develop self-confidence.

# 我們相信

## 啟發學生潛能 是全人教育重要的一環

我們相信學校應提供全面和均衡的教育讓學生的才能得以發揮。為貫徹這個理念，學校鼓勵同學參與戲劇、音樂、視覺藝術及體育活動，以確保他們身心得到均衡的發展。透過參加校隊、興趣小組及組織學生團體，學生可發展潛能。

學校致力營造一個良好的學習環境，讓學生組織及帶領各種活動，例如製作校園電視節目、籌辦各類型校內比賽及慶祝活動等。我們著重培養學生的領導才能，鼓勵他們在校內不同崗位擔任領袖角色，如學生會、領袖生、社幹事、生涯規劃領袖、圖書館風紀、朋輩輔導員、航空青年團、紅十字會和學生大使等。與此同時，我們推行一系列的領袖訓練計劃，如中四訓練營及領袖營，重點培育學生領袖人才。

此外，我們亦鼓勵學生擔任司儀，以英語或普通話主持學校的早會，藉此訓練學生的中英文表達能力。透過參與這些活動，學生能發掘自己的長處、才能及興趣，從而建立個人自信。

# What we believe

**We believe  
Experiential Learning  
is conducive to students' whole-person development**

To broaden students' horizons and equip them with a global perspective so that they can adapt to the dynamic society, the College encourages students to participate in cross-cultural activities. Study tours are organized each year during holidays and school breaks. To date, our students have participated in various linguistic, sustainable development and cultural immersion programmes held in different countries, including the United Kingdom, the United States, France, Germany, Canada, Australia, New Zealand, Singapore, Malaysia, Taiwan, South Korea, Japan and Vietnam, as well as several important world heritage cities in the Mainland.

The College has implemented the "Experiential Learning in Expeditions (ELITE) Program" since 2010. Each Junior Form student is required to join at least ONE of the overseas study tours to places where they can practise their Putonghua and English in native speaking environments. Activities such as field trips and visits to places of interest complement classroom learning and provide a meaningful context for students to consolidate their subject knowledge. Through this program, we hope students can develop independence and self-confidence so that they are better prepared for secondary school life and take a more positive attitude towards resolving difficulties and facing challenges.

## 推行體驗式學習 豐富學生學習經歷

為擴闊學生的視野，裝備他們面對急速變化的社會，本校鼓勵學生積極參與跨文化國際活動。學校每年均會在學校假期期間舉辦不同地方的交流學習團。學生曾到訪英國、美國、法國、德國、加拿大、澳洲、紐西蘭、新加坡、馬來西亞、台灣、韓國、日本、越南，以及擁有豐富文化遺跡的內地城市，亦曾參加語言沉浸課程、可持續發展及歷史文化考察等活動。

從 2010 年開始，本校推行「海外考察經驗學習計劃」，每名同學於就讀初中期間須參加最少一個海外遊學團，在當地的語言環境下學習普通話及英語，並透過實地考察及參觀等活動，加深對學科內容的理解。我們希望透過此計劃提升學生獨立自主的能力及自信心，讓他們更容易適應中學的學習生活，及培養他們勇於面對不同挑戰和困難的抗逆能力。

# What we believe

## We believe in instilling the spirit of Caring and Sharing among students

We believe that education should be based on care. The implementation of a differentiated curriculum in Junior Forms is an example of the care we provide.

A 'dual class teacher system' has also been implemented for all classes. Being in close contact with students, class teachers are expected to provide first level pastoral care to individual students and to liaise with their parents. The College has a strong Guidance and Counseling Team to develop various Personal Development Programmes to address issues relating to students' personal growth. In addition, the College has engaged an experienced School Counselor to provide timely and professional individual counseling to students in need.

Our philosophy of care is also manifested by our sustained effort in encouraging students to accept

responsibilities in caring not only for themselves but also for others. We believe that our students should, as functioning members of society, show care and consideration for the people around us.

To achieve the above goals, the College encourages students to focus on what they can do and extend their care and love towards their family, the school community and society. As such, ample opportunities are provided for students to join community service programmes. Students not only learn to show care for those in need, but also acquire new skills and knowledge by reaching out to different sectors of society, and by taking up new responsibilities and working with different organizations. Very often, students' families are also involved in community service programmes so as to share the joy of volunteering.

# 我們相信

## 培養關愛德性 是教育不可或缺的一環

我們深信教育必須從關懷學生開始。因此，學校在初中實施課程組別，根據學生的不同學習需要制定課程，以實踐用心關懷的理念。

此外，我們在各級實施雙班主任制，讓班主任與學生有更緊密的溝通，並加強學校與家長的聯繫。學校設有具規模的學生輔導組，就學生個人成長課題安排各類活動。學校還聘有一位資深的輔導顧問，為有需要的學生提供個別輔導。

我們關懷學生的同時也希望學生能推己及人。我們致力提高學生的公民意識，並培養學生成為懂得關心別人的社會公民。因此，老師經常教導學生要關心家人、學校以至社會。學校為學生提供許多服務社會的機會，讓他們透過組織和參與各類型義工服務，學習愛與關懷，並深入了解社會各階層的需要和學習新技能。此外，大部分由學校籌辦的義工服務均歡迎家長一起參與，同享親子義工之樂。

# What we believe

**We believe in unleashing  
Individual Creativity**

We believe creativity has no boundaries, and that the College is a place where students' creativity and artistic talents are nurtured. In different corners of the school campus, various pieces of student artwork are displayed as a means of promoting art appreciation among students. The Sculpture and Oil-painting Alley, in particular, has become a favourite place for students to rest and relax between classes.

The College provides ample opportunities for students

to showcase their talents in music and performing arts. The morning assembly serves as a platform for students to express their creativity through music performance, role play, drama and video production. Our students are also actively involved in the Hong Kong Schools Speech Festival and Hong Kong Schools Drama Festival. Through taking part in various speech and drama competitions, students can widen their horizons, expand their repertoire of talents and tap deeper into their potential.

# 我們相信

## 透過全方位培育 能充分啟發學生創意潛能

我們相信創意是無界限的，學校應為學生提供不同的機會，讓他們發揮創意及藝術天分。我們於校園不同角落展示學生的優秀藝術作品，以鼓勵藝術創作及欣賞，而校園裏的油畫雕塑廊更成為學生喜愛的歇息地方。

學校亦致力發掘學生於音樂、話劇及其他方面的演藝才華，學生可於早會上演奏音樂、參與角色扮演及話劇表演，或播放由學生製作之影片。此外，我們亦鼓勵學生積極參與香港校際朗誦節及香港學校戲劇節，透過與其他參賽者觀摩切磋，學生可擴闊眼界，一展所長，發揮創意潛能。

# What we believe

## We believe Life Planning Education equips students for the future

To prepare students for their further studies and career development, Life Planning Education programmes have been implemented in the junior forms to enhance students' self-understanding, goal-setting and self-reflection skills. With the aid of Careers Planning Booklets and through activities such as class discussion, internship, individual counselling and sharing by alumni and professionals, students gain

insights into their own career/academic aspirations and are better equipped to plan for their future. We also arrange for students to take part in different work-related programmes such as visits to businesses, Junior Achievement Programme, job shadowing and summer internship so that they can develop qualities, attitudes and skills that are conducive to success in the workplace.

## 推行生涯規劃教育 裝備學生投身未來

我們從初中開始推行生涯規劃教育，旨在幫助學生認識自我、訂立目標，加強他們的反思能力。同時，我們希望以此讓學生瞭解各升學和就業的途徑，為日後投身社會作好準備。我們透過生涯規劃小冊子、課堂討論、模擬職場體驗、校友與各界專業人士的講座分享以及個別輔導諮詢，協助學生規劃人生。此外，我們亦安排學生到不同的機構參觀、職場影子計劃、在職培訓及暑期實習計劃等，幫助學生深入瞭解職場所需具備的素質、態度及技能。

# What we believe

## We believe our Parents play an Important Role in students' development

An effective home-school partnership is essential for the successful education of children. Parents' co-operation and support will make a real difference to the growth and development of our students. As such, we are looking for parents who share our mission. We welcome parents who believe in balancing freedom with guidance, who will spend time with their child, and who believe in the ideals of a progressive education whilst adhering to traditional values such as perseverance and diligence. The College values those parents who understand that in educating a child, both the family and the school have an equally important role to play.

With the commitment of maintaining a caring learning environment at school, the College is keen on fostering its partnership with parents, and had its Parent-Teacher Association (PTA) established in 2001. The PTA organizes various social, educational and cultural activities for parents to get to know their child's teachers better. It also strengthens the communication and mutual understanding among members through regular activities, long-term cooperation and fellowship.

## 家校合作

### 對學生成長及學習有莫大裨益

學校一向重視家校之間的聯繫，我們相信良好的家校關係對孩子的學習發展尤為重要。因此，我們歡迎認同本校辦學理念的家長加入這個大家庭，分享教育孩子的心得：在賦予孩子自由的同時，亦兼顧管教及約束的責任；願意為照顧孩子付出時間，同時給予關懷和鼓勵；在追求革新教育理念的同時，亦尊重優良的傳統價值觀，諸如堅毅不屈、勤奮力學等。

我們重視家校的伙伴關係，因此本校於 2001 年成立家長教師會，以加強學校與家長的聯繫。我們希望透過家校合作，共同建立關愛校園。家長教師會經常舉辦各類聯誼、教育及文娛活動，讓家長及教師加深彼此認識和了解。透過定期參與不同的活動，家長會員可建立溝通互信，彼此支援。

## Our Achievements

Our College is recognized as one of the "Value Adding Schools" in Hong Kong which can enhance students' learning outcomes and academic performance through effective teaching and learning strategies. Academically, we have been able to achieve consistently promising results in public examinations, with a sizeable number of examination subjects having both superior passing and credit rates compared to Hong Kong norms. As a result, an overwhelming majority of our S6 graduates were able to secure places at universities both locally and overseas. In the 2023 HKDSE Examination, we were among the top schools in the territory where students' performance in the four core subjects and best five subjects far exceeded other schools with a student intake of similar academic abilities (in S1). At the same time, our students have garnered numerous awards in multiple disciplines, such as international writing competitions, mathematics competitions, poetry writing competitions, inter-school debate competitions and the Hong Kong Schools Music and Speech Festival Competitions, making major milestones in the College's provision of quality whole-person education.

## Scholarships /Financial Assistance

As part of the effort to show recognition for outstanding S1 students, a maximum of two scholarships will be offered to S1 entrants for the coming year. Each scholarship holder will be granted a six-year full school fee subsidy. Continuation of the scholarship is subject to the students' satisfactory academic performance during his/her period of study. There are also a number of other scholarships given to outstanding students at the end of each academic year. Some examples are given below:

- Hong Kong Jockey Club Scholarships
- Parent-Teacher Association Scholarships
- Scholarships for outstanding performance in the Hong Kong Diploma of Secondary Education Examination
- Scholarships for excellent performance in subjects

Other than academic areas, we will award scholarships to those who have outstanding performance in sports, music, visual arts, community service and leadership. We also have the Jessie Leung Scholarship, which aims to encourage students to demonstrate unselfishness in serving the community, in helping and caring for others and in supporting family members.

To ensure that students will not be deprived of the chance to study at our College solely because of

financial difficulties, the College offers a financial assistance scheme to needy families (including those receiving Comprehensive Social Security Assistance or assistance from the Student Financial Assistance Agency). Eligible applicants will be granted either full or half-level school fee reduction. Each year, the College allocates a generous budget of no less than 10% of school income for this purpose.

The school fees for the 2023/24 school year (on a per annum basis) are listed below for parents' reference. The school fees for the 2024/25 school year will be announced between March and April 2024.

	S1	S2	S3	S4	S5	S6
HK\$	37,500	36,410	36,410	36,410	36,410	36,060

For details concerning the College's school fees and financial assistance scheme, please visit our website: [http://www.hkmadavidli.edu.hk/admission/school\\_fees/](http://www.hkmadavidli.edu.hk/admission/school_fees/).

Apart from the aforesaid school fee reduction scheme, our College has established the David Li Kwok Po Education Fund, which aims to provide further financial assistance to those students who are enjoying school-fee reductions. Parents may apply to the Fund as needed.

## 獎學金 / 學費資助

為了鼓勵在學業或其他範疇表現優異的小六學生報讀本校，我們會頒發最多兩個獎學金予新入學中一學生。得獎者將獲六年全額學費資助；學生在學期間必須保持學業成績優良，才可繼續獲發獎學金。此外，學校於每級設立各類型獎項及獎學金，以表揚在學業成績有傑出表現的學生，其中包括：

- 香港賽馬會獎學金
- 家長教師會獎學金
- 香港中學文憑試成績優異獎學金

為確保學生不會因無法繳付學費而不能在本校就讀，我們將為有經濟困難的學生提供學費資助（其

中包括正領取綜合社會保障援助或領取學資處財政資助的家庭），合資格的申請人可獲全額或半額學費減免。學校每年將把不少於 10% 的總收入撥作學費資助計劃之用。
